# Product Change Notification

**PCN Publish Date:** 10/13/2017

**PCN#:** 535

**Change Title:** Marking Change

**Products Affected:**

All Ceramic Resin Seal Crystals: FQ3225B, FQ5032A, FQ5032B, FQ6035A, FQ6035B, FQ7050A, FQ7050B, FQ1045A.

See page 3 for a list of standard part numbers and explanation of custom part numbers affected.

**Description of Change to the Customer:**

The underlayer dark grey silk screen printing process on the above parts laser marking will be discontinued. These products will be laser marked on the ceramic material directly.

Photos of the old and new marking are on page 2.

This change only affects the products cosmetic appearance. There are no dimensional, electrical, or materials changes (other than eliminating the silk screen material).

**Reason for Change:**

To improve production efficiency and maintain production cost against material cost increases.

**Schedule of Change:**

The new marking will be implemented for orders received from Nov. 1, 2017. Due to existing product depletion rates, there will be a transition period when either product markings may be shipped until all existing material is depleted.

**Suggested Substitutions:** Not applicable.

**Customer Impact and Response:** We believe this change will have minimal impact on our customers. If you have any questions, please contact Fox Technical Support at [www.foxonline.com/email.htm](http://www.foxonline.com/email.htm) or call 239-693-0099.

<sup>1</sup> For an explanation of old and new format part numbers, see the Fox website at:

<https://www.foxonline.com/pdfs/FoxPartNumberFormatChange.pdf>.

<sup>2</sup> xxx represents a sequential number generated at time of part number generation for old part numbers.

<sup>3</sup> Δ represents the code for one of four specification characteristics: tolerance, stability, load capacitance, and temp code for new part numbers. For an explanation of the specification codes, see the Part Description Guides on the Fox website at: <https://www.foxonline.com/fox-part-number-format-change.html>.
