Product Change Notification

PCN Publish Date: 10/15/2007

PCN#: 280

Change Title: SMD Products Dimensional Drawing Change

Products Affected: All Fox SMD products

Description of Change to the Customer: Due to slight differences in package supplier tooling, certain non-critical visual attributes, such as side castellations, reference pin shape, etc. may vary. Critical specifications defined by size measurements are accurate, but actual product received may not match the visual representation on the datasheets exactly.

A note will be added to all Fox SMD datasheets explaining this variation in non-critical, visual attributes.

Schedule of Change: Change is effective immediately.

Customer Impact and Response: We sincerely hope this change will have minimal impact on our customers. If you have any questions, please email Fox Technical Support at www.foxonline.com/email.htm or call 239-693-0099.
